# SHORT COURSES
## 2026-2027

Morning Class  Afternoon Class

Explore a world of possibilities with our unique short course themes each term! Each programme offers a unique and engaging experience perfect for curious minds and aspiring professionals alike.

## TERM 1

### Intro to Italian

Discover the basics of the Italian language in a fun and supportive environment. Learn everyday words and phrases, practise simple conversations and explore Italian culture as you build confidence in speaking Italian.

### Ghost Hunters

Welcome to an immersive journey into the realm of the supernatural! Our Ghost Hunter's Training Camp is an exciting course crafted for young explorers passionate about discovering the mysteries of ghost hunting and uncovering hidden secrets.

### Entrepreneurship 1

This course offers a comprehensive dive into the entrepreneurial world, exploring the core elements of entrepreneurship, innovation, branding, marketing, sales, and interview preparation.

### Phonics

This Phonics Short Course is designed for learners of English and helps students build strong foundations in reading, writing and spelling. Through engaging activities and structured lessons, students develop the essential phonics skills needed to read and write with confidence.

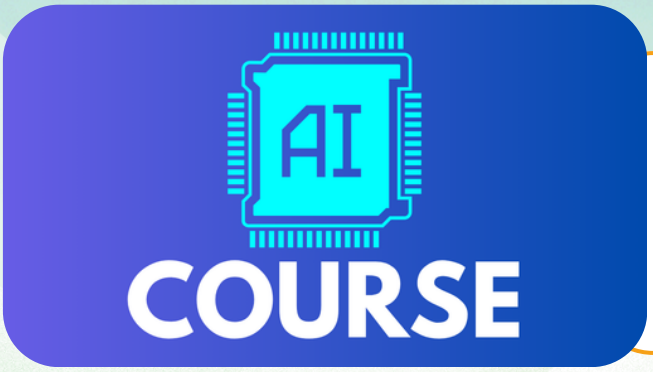
# SHORT COURSES
## 2026-2027

Morning Class  Afternoon Class

## TERM 1

### Coding with Scratch

This hands-on, fast-paced course introduces students to the basics of coding through the exciting lens of video game development. No prior experience needed. Just bring your imagination!



### AI Course

Explore the exciting world of Artificial Intelligence through fun, hands-on projects. Students will discover how AI learns, recognises patterns, powers everyday technology and raises important ethical questions, before creating an AI project of their own.

### Curious By Nature

This course invites students to explore the living world around them, investigating plants, creatures, and everyday natural environments while developing curiosity and observation skills.

### Latin

This Latin course is designed to help students develop their knowledge and understanding of the vocabulary, syntax and accidence of the Latin language, and also of ancient literature, values and society through the study of original texts
